

# MOTIVATED TEACHING PROGRAM

*Central to student learning is student motivation, and central to student motivation is teacher motivation.*

– Dr J-M Hinds

## MOTIVATED TEACHING PROGRAM

## MOTIVATED TEACHING PROGRAM

## MOTIVATED TEACHING PROGRAM

## MOTIVATED TEACHING PROGRAM

### The Motivated Teaching Program is

- Built for principals and school leaders to drive better planning, teacher management and school performance
- Focused on developing motivated, happy and effective teachers
- Collaborative learning, solutions and actions taken together
- An evidence-based tool based on contemporary Australian research

### Using the Motivated Teaching Program includes

- Scores by school and faculty on teacher motivation and its drivers
- Reports with insights, interpretation guides and action suggestions
- The RODA (Receive, Own, Discuss, Act) collaborative action process
- Efficient diagnostic to measure teacher motivation and driver levels
- Guides, worksheets and support to help every school maximise its MTP
- Access to the MTP user updates, action solutions and benchmarks

### Use the Motivated Teaching Program with confidence

- Secure technology. A 24/7 engine in the cloud ensures school data is safe, secure and always accessible
- Its user friendly, online process saves time by quickly and efficiently collecting, analysing and reporting data
- Confidentiality is assured with reports only generated for faculties or teams with four or more members

*The Motivated Teaching Program is the closest thing I've found to the tool that I want – something to help me manage and lead.*

– School Principal

# TEACHER MOTIVATION AND ITS DRIVERS

## PRAISE FOR THE PROGRAM...

*The Motivated Teaching Program is much more valuable than other tools I've used. It is more detailed and gives me data and action that are faculty based.*

— Principal, NSW High School

*Teachers now have a tool, developed in Australia, that directly captures teachers' voice on grassroots issues impacting their core business – teaching. And the Motivated Teaching Program guides school leader with their school plans and PL choices. Brilliant!*

— David Browne, PTC NSW

*Thank you. Finally real questions that deal with real issues. For some statements I wanted more than 'strongly agree', because at times you really hit the nail on the head.*

– Teacher participant, Research Survey Nov 2016

The MTP is proudly associated with PTC NSW
